

PROJECT 10073 RECORD

1. DATE - TIME GROUP 21 Oct. 66 0500Z	2. LOCATION Greenlawn, Long Island, New York one witness
3. SOURCE Civilian	10. CONCLUSION Other(unreliable)
4. NUMBER OF OBJECTS One	
5. LENGTH OF OBSERVATION 2 minutes	11. BRIEF SUMMARY AND ANALYSIS Observer reported viewing cigar shaped object that had three diamond shaped windows. He heard a slight humming and hissing sound during the observation. The object was hovering when it was first observed, then zig-zagged, then shot away in a straight path to the east.
6. TYPE OF OBSERVATION Ground Visual	
7. COURSE Eastward	
8. PHOTOS <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
9. PHYSICAL EVIDENCE <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	Contact was made with the witness while Project Blue Book investigator was at Suffolk County AFB. Conversation with the witness revealed him to be unreliable. He appeared to be out to get his name in the various news media around the area. He told the local news media that Suffolk County AFB had told him that jets had been scrambled to intercept UFOs. When asked of this, he finally said that he was told by a friend. The witness has seen several UFOs and reported such to the AirForce.

14. Did the object disappear while you were watching it? If so, how? *IT MADE A COMPLETE zigzag movement AND FINALLY headed EAST, AT A FANTASTIC speed.*

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): Yes ☒ No Don't Know. IF you answered YES, then tell what it moved behind: _____

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): Yes ☒ No Don't Know. IF you answered YES, then tell what in front of: _____

17. Tell in a few words the following things about the object:

- a. Sound *While in movement it sounded like a hissing & humming combined*
 b. Color *Alternating white-red-blue-green*

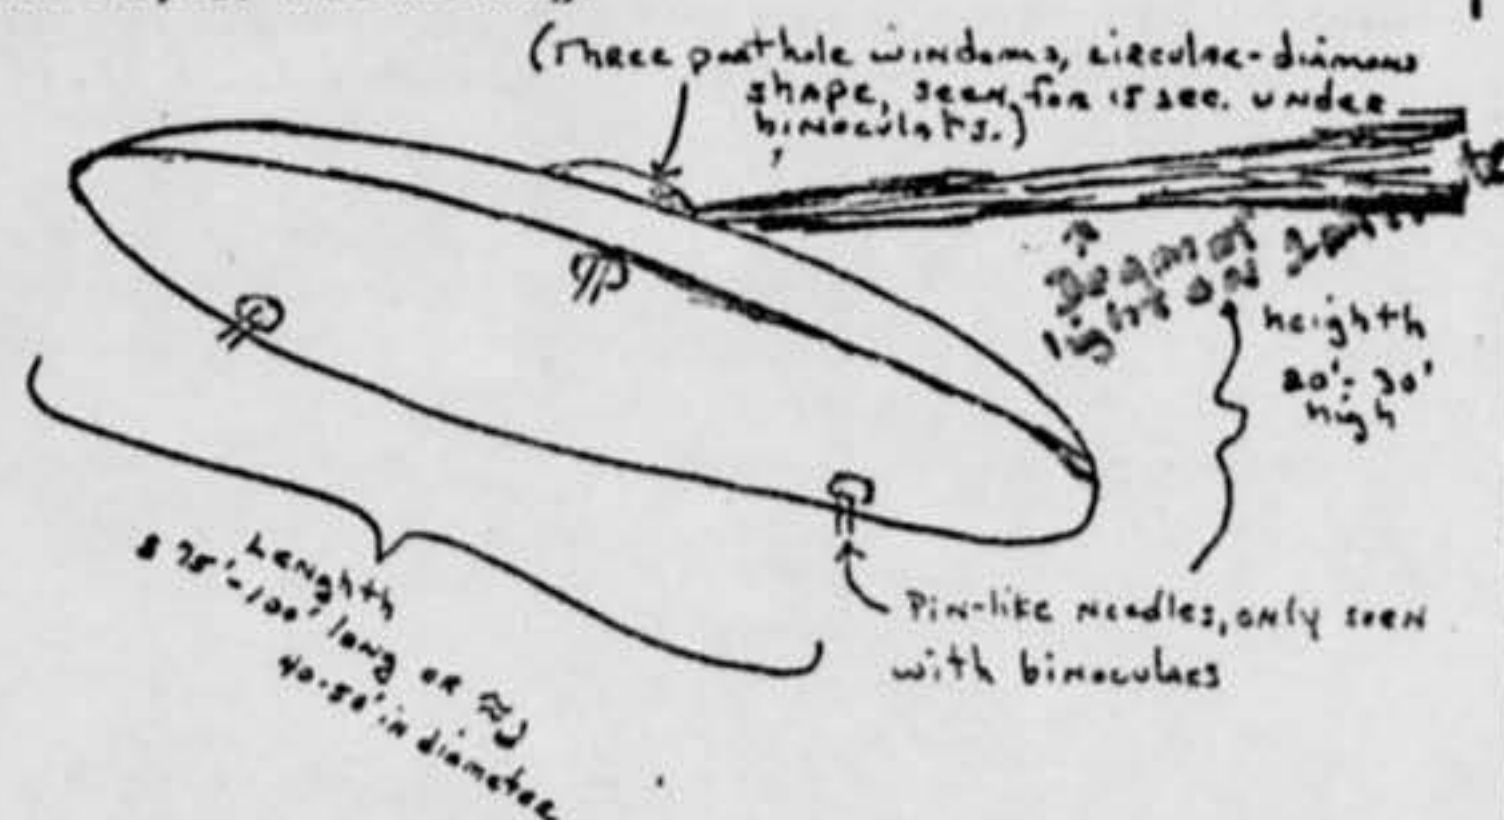

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

Did not do experiment during observation however it must have least covered 300-600 match-heads

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails.

Place an arrow beside the drawing to show the direction the object was moving.

*(No visible)
exhaust trail*
*When it moved in a
Easterly direction.*

A pen and ink drawing of the UFO seen last Friday morning by [redacted] of [redacted] in Greenlawn details the object as he says he saw it with binoculars. According to [redacted] he is not really sure that he wants to see another one any time soon.

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

14/23/66 - Link's Log Cabin, Centerport, L.I

31. Was anyone else with you at the time you saw the object? (Circle One)

Yes

No

31.1 IF you answered YES, did they see the object too? (Circle One)

Yes

No

31.2 Please list their names and addresses:

32. Please give the following information about yourself:

NAME

Last Name

First Name

Middle Name

ADDRESS

Street

City

Zone

State

TELEPHONE NUMBER

AGE

SEX

Male

Indicate any additional information about yourself, including any special experience, which might be pertinent.

33. When and to whom did you report that you had seen the object?

3 21

Day

October

Month

1966

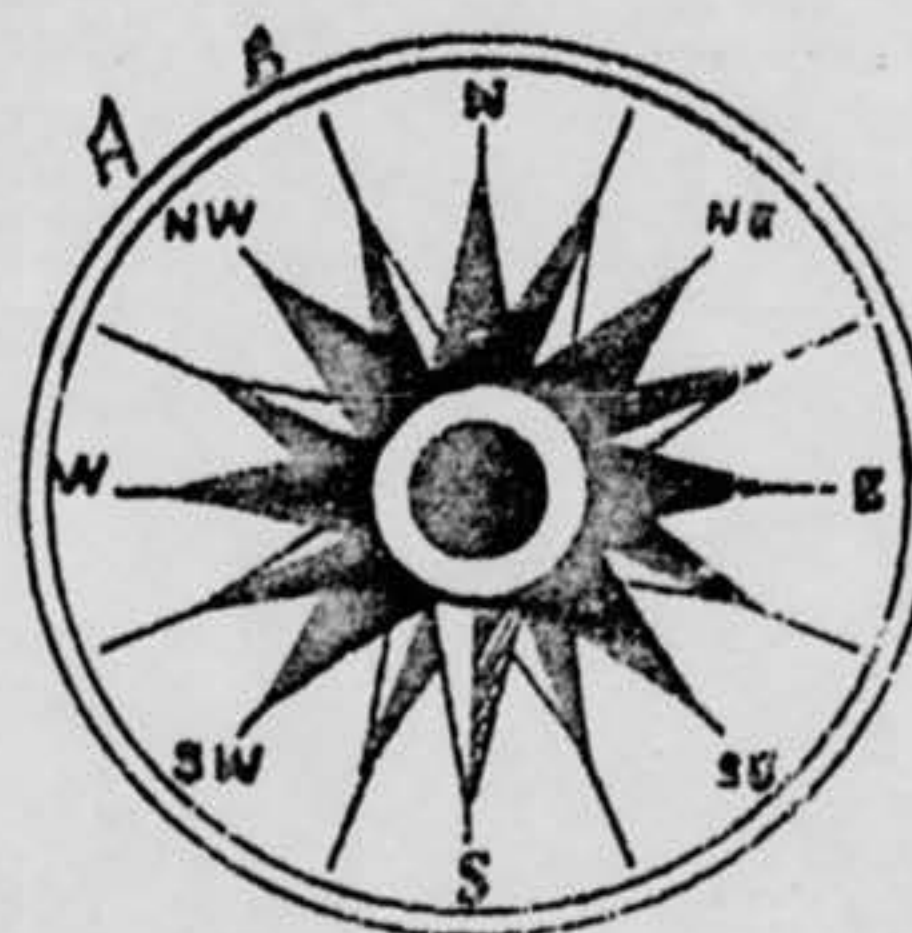

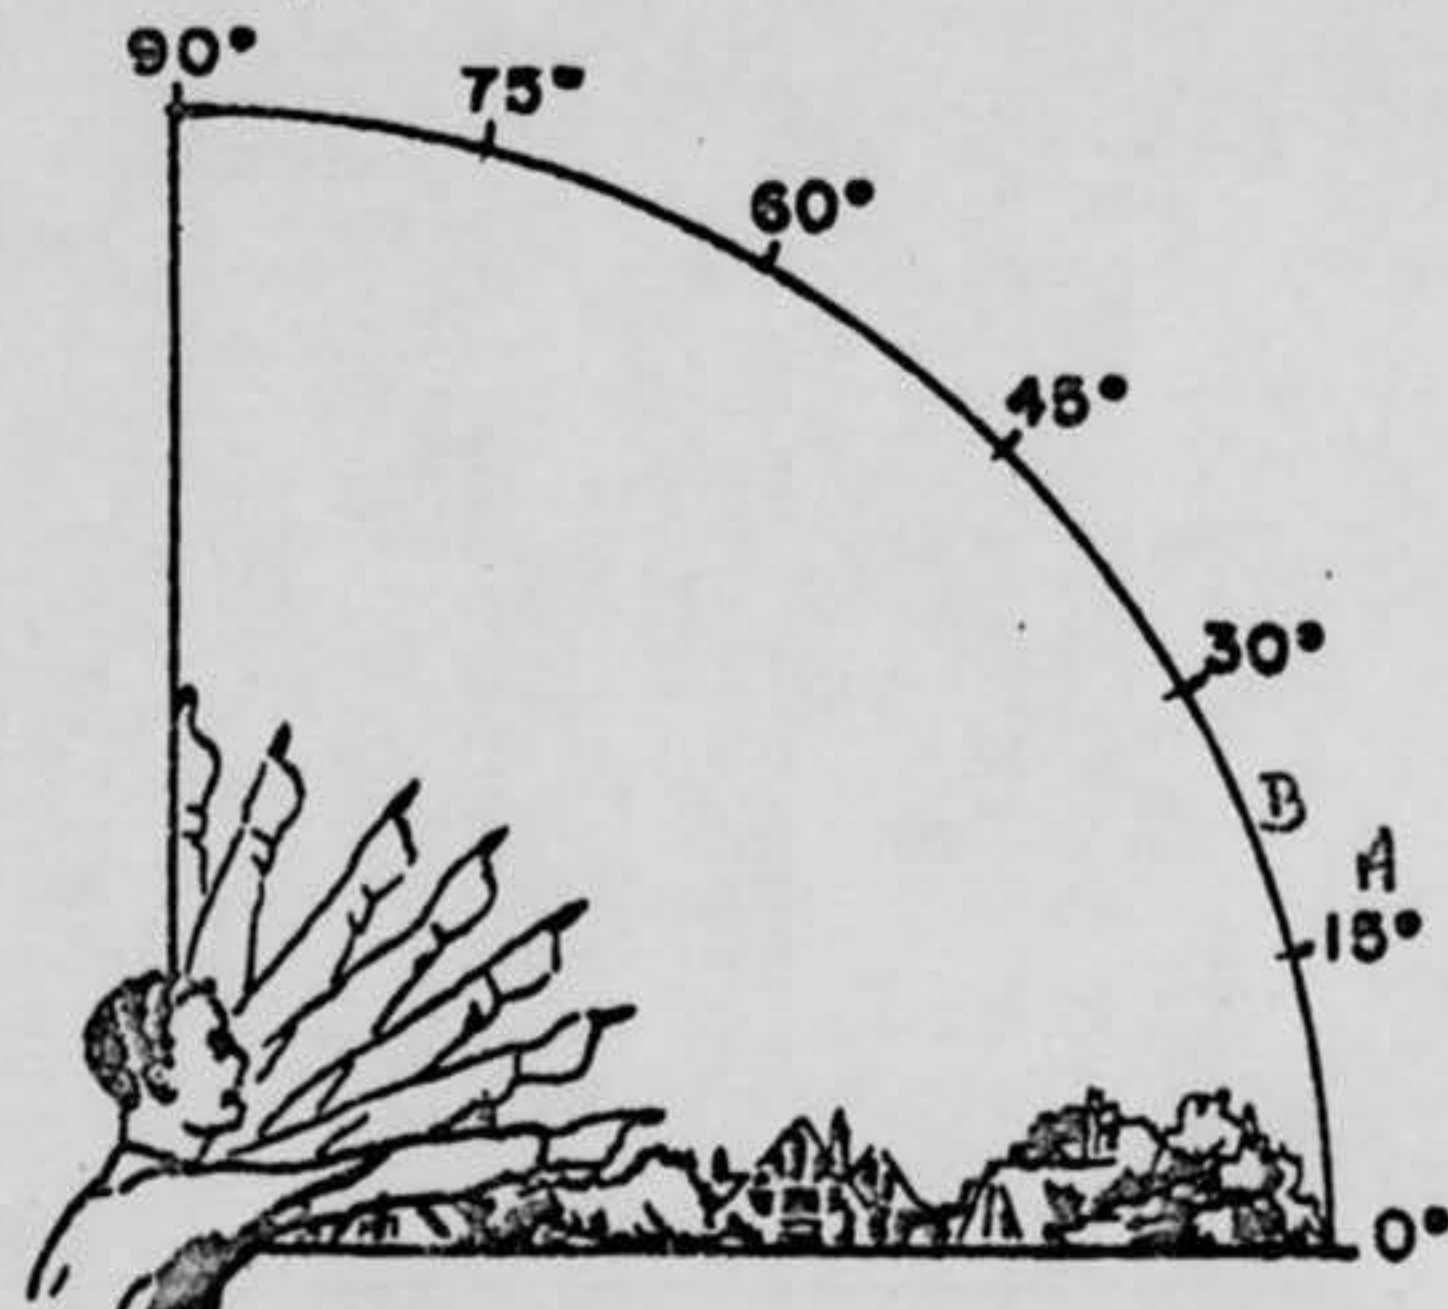

Year

Petrolmen Dietrick

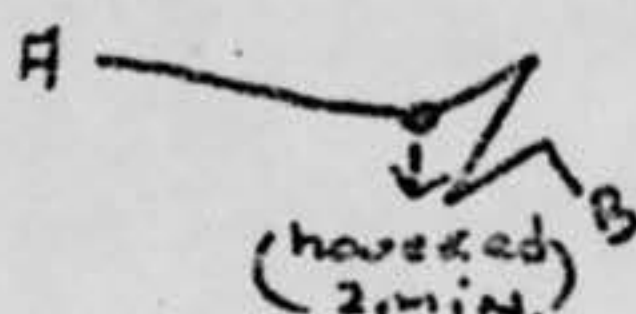

(?) Major

KRAGER of Suffolk
Air Force Base.

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass where you *last* saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

29. IF there was MORE THAN ONE object, then how many were there? _____
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

(The concluding summary of the report)

ON October 17, 1966, at noon in the night, I was awakened by some strange noise, more or less like a hissing and a humming sound together, my dog seemed to be somewhat annoyed from this sound and was growling. To my own curiosity I got up to look out my window to see what might be making this noise. As I looked out, my eyes simultaneously caught glimpse of the most unique object I have ever seen in my whole life. I knew after looking at this thing it was nothing made in this world, unless under secrecy. It distinctly showed flashing multi-colored lights giving off some beautiful sight. My body was shivering and my eyes began to tear while I observed this. I had figured then if I go downstairs and tell everyone, by the time ~~I~~^{they go} up the stairs to see it, it would be gone. However as I watched it I thought of getting my binoculars to get a good look at it. In seconds I had them and I began to observe it. I estimated this subject to be about 200 feet above the ground and 1/2-1 block away. Only under sight with binoculars I was able to detect spikes or prongs ~~coming out~~^{comprised of} of the bottom of the object. It did show some type of dome on top with a brilliant beam of yellowish-white light beaming toward the sky from it, for about 45 seconds. Under binoculars I observed 3 small diamond-shaped windows in the dome, but because of the alternating green, red, blue and white lights I could not see anything inside. ~~The object was over my vision for 2 minutes.~~ But before you could say 1, 2... the object disappeared. I saw some zigzag ~~lines~~^{waves} and took it in a westerly direction at a fantastic speed. I don't doubt then, with the impossibility of believing this is what I just said. When I awoke in the morning I thought it was a dream, but my binoculars were out & my camera ~~was still open.~~ To my disbelief ^{of} what I saw was ~~hard for~~
myself + anyone else to believe.

other things like it, have come back to ^{mine} and others observance
this past 2 or 3 weeks. ~~below is~~ ^{something} I observed most unusual.

On Sunday October 23, 1966 I was working at ~~██████████~~
in Centerville, and my boss ~~██████████~~ had observed UFO's in
the area the past 3 nights. At 7:30 p.m. I went outside and saw a
glowing-attenuating colored object at least 100 miles away, looking like a
star. However a half an hour later, I went out and looked to the
south and I was astonished. The same object was now only at
least 3/4 of mile away at ~~4000~~ ⁴⁰⁰ level with a brilliant amber color.
My boss and approximately 50 customers observed it for about 45
seconds. I went out of one eye this thing divided in 2, ~~2~~ ² were parallel
to each other for about 15 seconds. Then went back together and
disappeared in 2 seconds. A lot of us were a bit shaken up by this.
Especially for those who never saw a U.F.O. before.

The objects above have been reported to the Air Force, ^{and has} ~~and right~~
~~been forwarded to Wright Patterson~~
Air Force Base in Dayton, Ohio, where it will be studied as part of
the "Project Blue Book" program, a study of UFO sightings conducted
by the University of Colorado. I have not mentioned anything
about this to the Air Force, or the Air Force, just by me not
to report something I have not told someone else before.

The Air Force ^{*} has announced ~~many cases of~~ ^{of cases of} the ~~fact~~ ^{fact} I have
known a case that disappeared ^{to be} ~~about~~ ^{about} 30 miles high with a
or break in two and go on together, now ~~some~~ ^{some} ~~shape~~ ^{shape}
under ~~some~~ ^{some} ~~shape~~ ^{shape} ~~instead of~~ ^{instead of} ~~shape~~ ^{shape}
multiple point.

* - according to papers.

34. Date you completed this questionnaire:

14

Day

November

Month

1966

Year

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

Also not mentioned to any one, that I had become ill 2 days later, not too serious, to see doctor, I felt extreme itchiness was hot and my face was red for about 12 hours. I never felt the way I did, ever before in my life. (This ^{might} ~~may~~ not even relate to this)

Submitted is a copy of my narrative writing on several of ^{the} UFO sightings. (T - base id)

I have tried to my ability give you my ^{most} complete report of what I saw, hoping to enable to help you distinguish and clarify of this most unusual phenomenon. I observed with deep appreciation, I would like you to please contact me somehow (writing, phone, interview) so I might understand more of what I had seen & still seeing other strange oddities. Maybe you might not be too reluctant to do so; if so I will not feel a bit surprised, however always have that question in mind of what that thing could have been.

Sincerely

Dear Mr. ,

Reference your unidentified observation of 21 October 1966.
The information which we have received is not sufficient for
evaluation. Request you complete the attached FTD Form 164
and return it in the envelope provided.

We wish to thank you for reporting your observation to the
Air Force.

Sincerely,

HECTOR QUINTANILLA, Jr, Major, USAF
Chief, Project Blue Book

OFFICIAL FILE COPY

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS (Circle One):

- a. None
- ☒ b. A few
- c. Many
- d. Don't remember

8.2 MOON (Circle One):

- a. Bright moonlight
- ☒ b. Dull moonlight
- c. No moonlight - pitch dark
- d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS (Circle One):

- ☒ a. Clear sky
- b. Hazy
- c. Scattered clouds
- d. Thick or heavy clouds

WEATHER (Circle One):

- ☒ a. Dry
- b. Fog, mist, or light rain
- c. Moderate or heavy rain
- d. Snow
- e. Don't remember

10. The object appeared: (Circle One).

- ☒ a. Solid
- b. Transparent
- c. Vapor
- d. As a light
- e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? (Circle One):

- a. Brighter
- b. Dimmer
- c. About the same
- d. Don't know

11.1 Compare brightness to some common object:

12. The edges of the object were:

- (Circle one)
- a. Fuzzy or blurred
 - b. Like a bright star
 - ☒ c. Sharply outlined
 - d. Don't remember

e. Other _____

13. Did the object:

(Circle One for each question)

- a. Appear to stand still at any time?
- b. Suddenly speed up and rush away at any time?
- c. Break up into parts or explode?
- d. Give off smoke?
- e. Change brightness?
- f. Change shape?
- g. Flash or flicker? - Colors
- h. Disappear and reappear?

U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will not be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object?

21 October 1966
Day Month Year

2. Time of day: 1 2
Hour Minutes

(Circle One): A.M. or P.M.

3. Time Zone:

(Circle One): a. Eastern
b. Central
c. Mountain
d. Pacific
e. Other _____

(Circle One): a. Daylight Saving
b. Standard

4. Where were you when you saw the object?

[REDACTED] GREENLAWN Suffolk County, N.Y.
Nearest Postal Address City or Town State or County

5. How long was object in sight? (Total Duration) _____ 2 45
Hours Minutes Seconds

a. Certain c. Not very sure
b. Fairly certain d. Just a guess

5.1 How was time in sight determined? Bedroom Clock

5.2 Was object in sight continuously? Yes X No _____

6. What was the condition of the sky?

DAY NIGHT
a. Bright a. Bright
b. Cloudy b. Cloudy

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One): a. In front of you d. To your left
b. In back of you e. Overhead
c. To your right f. Don't remember

20. Do you think you can estimate the speed of the object?

(Circle One)

☒ Yes

☐ No

IF you answered YES, then what speed would you estimate? ~~500 mph.~~

21. Do you think you can estimate how far away from you the object was?

(Circle One)

☒ Yes

☐ No

IF you answered YES, then how far away would you say it was? 200 feet above ground, about 1/2 block walking to be under it.

22. Where were you located when you saw the object?
(Circle One):

- a. Inside a building
- b. In a car
- c. Outdoors
- d. In an airplane (type)
- e. At sea
- f. Other My bedroom

23. Were you (Circle One)

- a. in the business section of a city?
- b. In the residential section of a city?
- c. In open countryside?
- d. Near an airfield?
- e. Flying over a city?
- f. Flying over open country?
- g. Other IN A NORMAL il-populated neighborhood.

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

- | | | | |
|--------------|--------------|--------------|--------------|
| a. North | c. East | e. South | g. West |
| b. Northeast | d. Southeast | f. Southwest | h. Northwest |

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One)

☐ Yes

☐ No

25. Did you observe the object through any of the following?

- | | | | | | |
|-----------------|-----|-------------------------------------|---------------|--------------------------------------|-------------------------------------|
| a. Eyeglasses | Yes | <input checked="" type="radio"/> No | e. Binoculars | <input checked="" type="radio"/> Yes | <input type="radio"/> No |
| b. Sun glasses | Yes | <input checked="" type="radio"/> No | f. Telescope | Yes | <input checked="" type="radio"/> No |
| c. Windshield | Yes | <input checked="" type="radio"/> No | g. Theodolite | Yes | <input checked="" type="radio"/> No |
| d. Window glass | Yes | <input checked="" type="radio"/> No | h. Other | <u>THRU WINDOW SCREEN</u> | |

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

cigar-shaped, flashing multi colored lights around the middle of object. or hot dog shaped with these distinction of hazy multi colored lights around the middle of object
